ballot shall be required, excepting that the words to appear on the ballots, which shall be "Bonds—Yes," or "Bonds—No"; nor shall any informalities, not amounting to fraud in conducting such election, invalidate the same.

SEC. 5. On the seventh day after said election, at one o'clock P. M., the returns having been made to the board of education, the board must meet and canvass said returns, and if it appears that two thirds of the votes cast at said election were in favor of issuing such bonds, then the board shall cause an entry of that fact to be made upon its minutes, and shall certify to the board of supervisors of the county in which said district is located, the proceedings had in the premises; and thereupon said board of supervisors must be, and they are hereby, authorized and directed to issue the bonds of such district to the number and amount provided in such proceedings, payable out of the bond fund of such district (naming the same), and that the money shall be raised by taxation upon the taxable property in said district for the redemption of said bonds, and the payment of the interest thereon; *provided*, that the total amount of bonds so issued shall not exceed five per cent of the taxable property of the district, as shown by the last equalized assessment of the property in such school district.

SEC. 6. The board of supervisors, by an order entered upon its minutes, shall prescribe the form of said bonds, and of the interest coupons attached thereto, and must fix the time when the whole or any part of the principal of said bonds shall be payable, which shall not be more than forty years from the date thereof.

SEC. 7. Said bonds must be payable in gold coin of the United States, must be signed by the president of the board of supervisors, and countersigned by the clerk of the county, who must affix the county seal thereto; must not bear a greater rate of interest than eight per cent, said interest to be payable semi-annually in like gold coin; and said bonds must be sold in the manner prescribed by the board of supervisors, but for not less than par, in gold coin of the United States, and the proceeds of the sale thereof must be deposited in the county treasury to the credit of the building fund of said school district, and be drawn out for the purpose aforesaid, as other school moneys are drawn out.

SEC. 8. The county board of supervisors shall annually, at the time of levying taxes for county purposes, levy a tax upon the taxable property within such district, sufficient to pay the annual interest on such bonds and to pay the principal in equal annual installments. But the order directing the issue of bonds may prescribe that the payment of the principal may be deferred for not more than five years. All moneys so collected shall be paid into the county treasury and used for the payment of interest and principal of such bonds, and for no other purpose. The county auditor shall issue his warrant for the payment of interest and installments, and cancel all coupons and bonds redeemed and file them with the county treasurer. The provisions of this section shall, so far as applicable, govern any bonds that may have been heretofore issued by such school districts.

SEC. 9. If payment of any coupon or bond lawfully issued by any such school district should, after presentation and demand of payment at the office of the county treasurer, be refused, the owner may file such bond, together with all unpaid interest coupons, with the State Controller, taking his receipt therefor, and the same shall be registered in the State Controller's office; and the State Board of Equalization shall, at their next session, at each annual equalization thereafter, add to the State tax so levied in said district a sufficient rate to raise the amount of principal and interest past due prior to the next levy, and the same shall be levied and collected as a part of the State tax, and paid into the State treasury, and passed to the special credit of such district bond tax, and shall be paid by warrants, as the payments mature, to the holder such registered obligations, as shown by the register in the office of the State Controller, until the same shall be fully satisfied and discharged; any balance then remaining shall be transmitted to the treasurer of the county in which is situated the district by which such bonds were issued, and shall be placed by the county treasurer to the credit of the general school fund of said district.

Also:

On request of Senator McCartney, the privilege of the floor of the Senate Chamber, for this day, was unanimously extended to Mayor A. C. Harper, of Los Angeles, and Mr. Isador Dockweiler, of Los Angeles.

QUESTION OF PERSONAL PRIVILEGE.

Senator Savage rose to a question of personal privilege and spoke as follows:

MR. PRESIDENT AND GENTLEMEN OF THE SENATE. For the past three years I have been hounded, vilified and cartooned by that blackmailing sheet known as the Los Angeles Times. When my wife was lying on her dying bed that corrupt and vile sheet was abusing me because I refused to consent to the consolidation of San Pedro with the city of Los Angeles. I have always favored consolidation upon a reasonable and equitable basis, but not on the basis suggested by a few disgruntled men in the city of Los Angeles, which was unfair, unjust, and un-American.

In the issue of that vile sheet of February 10, 1909, I was cartooned as an Indian held by two check lines in the hands of one of the officers of the Southern Pacific Railroad Company. In reply to that cartoon, I want to exhibit a cartoon of the Times appearing in the Los Angeles Express on February 10, 1909, which was as follows:

"The Bezzard Times stands for corruption, fraud, lies, vice, deceit, booze, counterfeiting, and forgery." That is the character of the contemptible puppies Harry Chandler, manager of the Times, and Harry Andrews, its editor. They stand for corruption, fraud, lies, vice of all kinds, deceit, booze, opium, counterfeiting, and

forgery. They are so low and degraded that decent people will not associate with either of them. They are so vile, filthy and contemptible, that people shun them on the street, and will not mix in society with them. Harry Chandler and Harry Andrews, you are contemptible, lying cowards of the lowest type and unworthy of the respect of any decent man. My address at the present time is rooms 21 and 22, Colonial Hotel, Sacramento, where I can be found at any time during the session of the Legislature. I defy you to call or send your friend. After the adjournment of the Legislature my address will be San Pedro, Los Angeles County, Cal.

I have also been cartooned in the Los Angeles Herald as an Indian, claiming to be under the influence of the Southern Pacific Company. You will remember that this would-be editor, T. E. Gibbon, a pettifogging lawyer, was the attorney for the Salt Lake Railroad Company, and while in that capacity he sold its secrets and robbed the company by charging excessive prices for land which he purchased for the right of way for the company. That pettifogger was a stockholder and attorney for the City Bank of Los Angeles, and while acting in that capacity he placed his unsecured note for thousands of dollars in the bank, received the money therefor, but never redeemed his note. At that time the bank was insolvent. In 1889 the bank was placed in the hands of a receiver, and the Gibbon note was sold at auction for the sum of forty dollars, and was purchased by a school teacher. She presented the note to Gibbon for payment, but to pay the same or any part thereof he refused. She commenced suit in the courts of Los Angeles, but he plead the statute of limitation and refused to pay an honest debt, and defrauded the poor school teacher of her honest investment, as well as defrauding the depositors of the bank of which he was a trusted officer. That is the character of this contemptible liar, T. E. Gibbon, a man without honor or respect, a notorious falsifier, and a villainous coward. My address is the same as that above indicated for your chums and playmates, Chandler and Andrews.

I am your superior in every instance.

SENATOR LEAVITT IN THE CHAIR.

At eleven o'clock and ten minutes A. M., Senator Leavitt, of the Sixteenth District, in the chair.

The following petition was presented by Senator Roseberry, and ordered printed in the Journal:

We consider this to be true Americanism, and it should have the unqualified support of every representative of the people.

SENATE CHAMBER, SACRAMENTO, February 9, 1909.

MR. PRESIDENT: Your Committee on Finance, to whom was referred the following resolution:

WHEREAS, The cost of living in California has for many years gradually and steadily increased, until the payment of the actual necessities of life has become a burden and just cause for complaint; and

WHEREAS, The anti-trust law passed at the thirty-seventh session of the Legislature of the State of California has not been productive of any appreciable results so far as a reduction in the cost of living is concerned; and

WHEREAS, Under existing conditions it is claimed that the producer is not receiving a fair return for the products of the soil, and that the consumer is paying a price for the products consumed that is unjust and burdensome, many instances of which condition have been called to the attention of this Senate, two illustrations of which will suffice; namely, that the raisin producers of Fresno were receiving a cent and a half per pound for raisins at the point of production, while the consumers in San Francisco paid fifteen cents per pound for raisins; and the difference in price between what is paid to fishermen for their catch of fish and the price charged to consumers; and

WHEREAS, It appears in many parts of the State that the difference between the first cost of production and the price to the consumer is unjust and unwarranted, and it is charged that a combination exists in violation of law to maintain these high and unwarranted prices; now, therefore, be it

Resolved, That a special committee of three Senators be appointed by the President of the Senate to investigate the conditions which permit such inequalities in the cost of production and the price of products to the consumer, and recommend to the Legislature at its next session such statutes as may ameliorate the present conditions; and be it further

MINORITY REPORT.

SENATE CHAMBER, SACRAMENTO, February 15, 1909.

MR. PRESIDENT: The undersigned, being a minority of your Committee on Elections and Election Laws, to which committee was referred Senate Bill No. 3, Entitled "An Act to provide for the direct nomination of candidates for public office, by electors, political parties, and organizations of electors without conventions, at elections to be known and designated as primary elections, determining the tests and conditions upon which electors, political parties and organizations of electors may participate in any such primary election, and establishing the rates of compensation for primary election officers serving at such primary elections, providing for the organization of political parties, and promulgating of their platforms, and providing the method whereby electors of political parties may express their choice at such primary elections for United States Senator" have had the same under consideration, and respectfully report that they are unable to agree with the majority of said committee, which has recommended that said bill be so amended as to cut out all reference to United States Senator, thereby preventing the electors of the State of California from expressing their party choice as to who shall represent the State of California in the Senate of the United States, and have also, by amendment to said bill, provided that it shall require a majority of all the party votes cast at a primary election in order to make a nomination; and further providing that all nominations not made by a majority vote at a primary election shall be thrown into a convention, and the nominations made in convention, as has heretofore been the practice of political parties in the State of California, and believing that such majority report is in direct conflict with and disobedience to the demands of the people of the State of California, and in disregard of the will of political parties as expressed in their party platforms.

We therefore recommend that Senate Bill No. 3 be passed, and that the amendments herewith submitted by the minority be substituted in lieu of and instead of those submitted by the majority.

"No part of the contract price shall, by the terms of any such contract, be made payable to the contractor, nor shall the same or any part thereof be paid to him prior to the completion of the work, but the whole contract price shall, by the terms of the contract, be made payable at least thirty-five days after the completion of the whole work; *provided, however,* that the owner may, in and by the terms of said contract, reserve the right to make payments during the progress of the said work, at specified times after the commencement of the work or upon the completion of the whole work, to persons other than the contractor performing labor or furnishing materials or labor, or both, for the construction of the building, improvement or structure, but such payments shall not exceed in the aggregate seventy-five per cent of the whole contract price. Such payments, when so made, shall be distributed by the owner among the persons other than the contractor performing labor or furnishing materials or labor, or both, for the construction of the building, improvement or structure, *pro rata*, in proportion to their several claims. For the purpose of enabling the owner to make such *pro rata* distributions, the contractor shall furnish and deliver to the owner at the time when each of said progress payments becomes payable a statement showing the names of all persons who have performed labor or furnished materials or labor, or both, for the construction of the building, improvement or structure, and the amount, as nearly as practicable, payable to each of said persons, for labor actually performed or furnished, or for materials actually furnished and incorporated into the building, improvement or structure, or delivered upon the ground, or for either or both, which statement shall be verified by the oath of the contractor, or some other person, and the *pro rata* distribution aforesaid shall be made by the owner in conformity with said statement.

"In case any of the persons entitled to share in such distribution shall have given the notice hereinafter provided for, requiring such owner to withhold moneys due or to become due the contractor, the amounts so required to be withheld shall not be distributed, nor shall the person giving such notice share in the distribution of progress payments, unless he shall elect to withdraw the notice so given, such withdrawal to be in writing and delivered to the owner. No person sharing in any such distribution shall be entitled to share in any subsequent distribution of progress payments until all other persons, except the contractor, performing labor, or furnishing materials or labor, or both, for the construction of the building, improvement or structure of which claims the owner has received notice by means of the contractor's statement aforesaid, shall have received a like proportion of their claims.

"When seventy-five per cent of the contract price has been so distributed, no further distribution of progress payments shall be made, and any person who neglects to give the notice hereinafter provided for, previous to the distribution of the last progress payment and whose claim is, for any reason, not included in the contractor's statement aforesaid, shall be entitled only to such a proportion of the balance of the contract price remaining in the hands of the owner as his claim bears to the entire amount of unpaid claims of all persons, other than the contractor, then entitled to share in such balance, without reference to the amounts previously distributed by the owner under the provisions of this section.

"The right of any such person to share in the said balance, or in any distribution of progress payments, shall not be enlarged or altered, nor shall the liability of the owner, or his property, be increased by reason of his having actual knowledge of the claim of such person.

"All progress-payments made by the owner in conformity with the statements furnished by the contractor as herein provided and in compliance with the provisions of this section, shall constitute payments on the contract price, and shall be valid as against the contractor and all other persons claiming the right to share in the said contract price or asserting liens against the property whereon the said building, improvement, or structure is constructed, altered or repaired.

"No payment made prior to the time when the same is due under the terms and conditions of the contract, shall be valid for the purpose of defeating, diminishing, or discharging any lien in favor of any person, except the contractor but as to such liens such payment shall be deemed as if not made, and shall be applicable to such liens notwithstanding that the contractor to whom it was paid may thereafter abandon his contract or be or become indebted to the owner or reputed owner in any amount for damages or otherwise for non-performance of his contract or otherwise, unless such payment has been distributed pro rata among the persons other than the contractor performing labor or furnishing materials or labor, or both, for the construction of the building, improvement, or structure, as hereinbefore provided, or if so distributed in part only, then the same shall be valid only to the extent that the said payment has been so distributed.

"As to all liens, except that of the contractor, the whole contract price shall be payable in money, and shall not be diminished by any prior or subsequent indebtedness, offset or counter-claim in favor of the owner or reputed owner and against the contractor. No alteration of any such contract shall affect any lien acquired under the provisions of this chapter.

"In case such contracts and alterations thereof do not conform substantially to the provisions of this section, they shall be void, and the labor done and materials furnished by all persons, including the contractor, shall be deemed to have been done and furnished at the personal instance of the owner or reputed owner, and they shall have a lien for the value thereof; *provided, however*, that the contractor's recovery shall not exceed the amount specified in such void contract as the contract price thereof, and that he shall be entitled to recover upon his lien only the reasonable value of the labor done and materials and labor furnished by him, after deducting all claims of other parties for work done and materials and labor, or either or both, furnished by them to said contractor."

Such payments when so made, shall be distributed by the owner among the persons other than the contractor performing labor or furnishing materials or labor, or both, for the construction of the building, improvement or structure, pro rata, in proportion to their several claims. For the purpose of enabling the owner to make such pro rata distributions, the contractor shall furnish and deliver to the owner at the time when each of said progress-payments becomes payable, a statement showing the names of all persons who have performed labor, or furnished materials or labor, or both, for the construction of the building, improvement or structure, and the amount, as nearly as practicable, payable to each of said persons for labor actually performed or furnished, or for materials actually furnished and incorporated into the building improvement or structure, or delivered upon the ground, or for either or both, which statement shall be verified by the oath of the contractor, or some other person, and the pro rata distribution aforesaid shall be made by the owner in conformity with said statement.

"In case any of the persons entitled to share in such distribution shall have given the notice hereinafter provided for, requiring such owner to withhold moneys due or to become due the contractor, the amounts so required to be withheld shall not be distributed, nor shall the person giving such notice share in the distribution of progress-payments, unless he shall elect to withdraw the notice so given, such withdrawal to be in writing and delivered to the owner. No person sharing in any such distribution shall be entitled to share in any subsequent distribution of progress-payments until all other persons, except the contractor, performing labor, or furnishing materials or labor, or both, for the construction of the building, improvement or structure, of whose claims the owner has received notice by means of the contractor's statement aforesaid, shall have received a like proportion of their claims.

"When seventy-five per cent of the contract price has been so distributed, no further distribution of progress-payments shall be made; and any person who neglects to give notice hereinafter provided for, previous to the distribution of the last progress-payment, and whose claim is, for any reason, not included in the contractor's statements aforesaid, shall be entitled only to such a proportion of the balance of the contract price remaining in the hands of the owner as his claim bears to the entire amount of unpaid claims of all persons, other than the contractor, then entitled to share in such balance, without reference to the amounts previously distributed by the owner under the provisions of this section.

"The right of any such person to share in the said balance, or in any distribution of progress-payments, shall not be enlarged or altered, nor shall the liability of the owner, or his property, be increased by reason of his having actual knowledge of the claim of such person.

"All progress-payments made by the owner in conformity with the statements furnished by the contractor as herein provided and in compliance with the provisions of this section, shall constitute payments on the contract price, and shall be

valid as against the contractor and all other persons claiming the right to share in the said contract price or asserting liens against the property whereon the said building, improvement or structure is constructed, altered or repaired.

"No payment made prior to the time when the same is due under the terms and conditions of the contract, shall be valid for the purpose of defeating, diminishing or discharging any lien in favor of any person, except the contractor, but as to such liens such payment shall be deemed as if not made, and shall be applicable to such liens notwithstanding that the contractor to whom it was paid may thereafter abandon his contract or be or become indebted to the owner or reputed owner in any amount for damages or otherwise for non-performance of his contract or otherwise, unless such payment has been distributed pro rata among the persons other than the contractor performing labor, or furnishing materials or labor, or both, for the construction of the building, improvement or structure, as hereinbefore provided, or if so distributed in part only, then the same shall be valid only to the extent that the said payment has been so distributed.

"As to all liens, except that of the contractor, the whole contract price shall be payable in money and shall not be diminished by any prior or subsequent indebtedness, offset or counter-claim in favor of the owner or reputed owner and against the contractor. No alteration of any such contract shall affect any lien acquired under the provisions of this chapter.

"In case such contracts and alterations thereof do not conform substantially to the provisions of this section, they shall be void, and the labor done and materials furnished by all persons, including the contractor, shall be deemed to have been done and furnished at the personal instance of the owner or reputed owner, and they shall have a lien for the value thereof, *provided, however*, that the contractor's recovery shall not exceed the amount specified in such void contract as the contract price thereof, and that he shall be entitled to recover upon his lien only the reasonable value of the labor done and materials and labor furnished by him, after deducting all claims of other parties for work done and materials and labor, or either or both, furnished by them to such contractor."

CLIO LLOYD, Chief Clerk of the Assembly.
By L. B. MALLORY, Assistant Clerk.

MOTION.

Motion carried.

Committee Substitute for Assembly Bill No. 7 ordered withdrawn from Committee on County Government, and ordered transmitted to the Assembly.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were taken up and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA
SACRAMENTO, February 22, 1909.

To the Senate of the State of California:

I have the honor to inform your honorable body that I herewith return Senate Bill No. 54—An Act to amend section five of an Act entitled "An Act to amend sections four, five, six, ten, thirteen, and fourteen of an Act entitled 'An Act for the more effective prevention of cruelty to animals,' approved March 20, 1874, and to add three new sections to said Act, to be known as sections twenty, twenty-one, and twenty-two, in relation to cruelty to animals, and the arrest, trial, and punishment of offenders against the provisions of said Act, and liens on property in certain cases arising under this Act," approved March 14, 1909—without my approval.

This bill passed the Senate January 28, A. D. 1909, and was received in this office on the 11th day of February, 1909. My reason for so doing is that at the session of 1905 there was added to the Civil Code of this State a new title, known as Title XIIa, which was intended to codify the Act of 1874, which the said Senate Bill No. 54 attempts to amend. The same matters contained in Senate Bill No. 54, herewith returned, are embraced in Senate Bill No. 15, which amends Section 6077, Title XIIa, of the Civil Code, all relating to the same subject-matter. Inasmuch as the Act for the prevention of cruelty to animals has been codified, it is better that all amendments relating thereto should be placed in the Civil Code and not in a special Act.

J. N. GILLET, Governor.

The question being, "Shall the bill become a law, notwithstanding the objections of the Governor?"

The roll was called, and the Governor's veto to Senate Bill No. 54 sustained, by the following vote:

AYES—None.

NOES—Senators Anthony, Bell, Bills, Black, Boynton, Burnett, Cutten, Estudillo, Leavitt, Lewis, Martinelli, McCartney, Miller, Price, Roseberry, Rush, Savage, Stetson, Strobbridge, Thompson, Walker, Weed, Welch, Willis, and Wright—25.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, February 22, 1909.

To the Senate of the State of California:

I have the honor to return herewith Senate Bill No. 121—An Act to amend an Act entitled "An Act providing for the sale of street railroads and other franchises in cities and municipalities, and providing penalties for the granting of such franchises by boards of directors or other governing bodies in violation of certain Acts," approved March 22, 1905, Statutes of 1905, page 777 thereof.

This bill is passed on account of an error appearing in the title thereof in the case of the word "provision" instead of the proper word "provisions." This error has been corrected by the introduction and passing of a new bill, which is now ready for approval.

J. N. GILLET, Governor.

The question being, "Shall the bill become a law, notwithstanding the objections of the Governor?"

The roll was called, and the Governor's veto to Senate Bill No. 121 sustained by the following vote:

Ayes—None.

Noes—Senators Bills, Black, Boynton, Burnett, Caminetti, Campbell, Cutten, Estadillo, Fann, Kennedy, Leavitt, Lewis, Martinelli, McCartney, Miller, Price, Roseberry, Rush, Stetson, Strobridge, Thompson, Walker, Weed, Welch, Willis and Wright—26.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, February 23, 1909.

To the Senate of the State of California:

I have the honor to return herewith Senate Bill No. 35—An Act to amend Section 802 of an Act entitled "An Act to provide for the organization, incorporation, and government of municipal corporations," approved March 13, 1883, and relating to the powers of the board of trustees of cities of the sixth class—without my approval for the following reasons:

This Act confers upon cities of the sixth class the power to issue subpoenas for the attendance of witnesses or the production of books or other documents for the purpose of producing evidence or testimony in any action or proceeding pending before the board of trustees. After prescribing the method of issuance and service of such subpoenas the Act provides that the board of trustees may also by ordinance prescribe the punishment for disobedience of a subpoena issued and served as authorized herein.

This last provision is new in municipal affairs and might lead to much abuse. No provision is made nor is any right reserved by which the party subpoenaed may have the authority to issue the subpoena determined in any way. Upon the adoption of an ordinance making the failure to obey a subpoena a misdemeanor, the mere proof of the failure to obey would result in a conviction, even though the issuance of such subpoena may have no justification in law.

The power to punish for a contempt of its process is inherent in courts, yet the law provides many safeguards for the rights of witnesses, and upon a proper showing a witness may purge himself of contempt. These provisions are denied him when arrested for the violation of an ordinance prescribing a punishment for a failure to obey a subpoena. The issue is jury or not jury, and proof of such failure results in conviction.

Admittedly, conviction for a contempt of court, the usual imprisonment is limited to six months. I think this statutory provision the punishment for every failure of six months. This punishment is not at all proportionate to the seriousness of the crime, and would undoubtedly lead to much abuse.

J. N. GILLET, Governor.

The question being, "Shall the bill become a law notwithstanding the objections of the Governor?"

The roll was called, and the Governor's veto to Senate Bill No. 35 sustained by the following vote:

Ayes—None.

Noes—Senators Anthony, Bell, Bills, Black, Boynton, Burnett, Caminetti, Campbell, Cutten, Estadillo, Kennedy, Leavitt, Lewis, Martinelli, McCartney, Miller, Roseberry, Rush, Stetson, Strobridge, Thompson, Walker, Weed, Welch, and Willis—25.

If he allow it, he shall endorse upon the warrant the word "allowed," and the date of such allowance, and sign his name thereto. No demand shall be approved, allowed, audited or paid unless it specify each special item, and the date thereof. It shall be the duty of the auditor to be constantly acquainted with the exact condition of the treasury. immediately pay all the same into the treasury, on the order of the auditor, for the benefit of the funds to which such moneys severally belong. When the last day of the month falls upon Sunday or a legal holiday, the said payments shall be made on the next preceding business day. The council may provide, in its discretion, for the deposit of the city moneys in banks in accordance with the state law.

Any officer of the city, or of any department thereof, who shall aid or assist a bidder in securing a contract to furnish labor, material or supplies at a higher price than that proposed by any other bidder, or who shall favor one bidder over another by giving or withholding information, or who shall wilfully mislead any bidder in regard to the character of the material or supplies called for, or who shall knowingly accept materials or supplies of a quality inferior to those called for by the contract, or who shall knowingly certify to a greater amount of labor performed than has been actually performed, or to the receipt of a greater amount or different kind of material or supplies than has been actually received, shall be deemed guilty of malfeasance and shall be removed from office.

Connession by bidder.

SEC. 73. If at any time it shall be found that the person to whom a contract has been awarded has, in presenting any bid or bids, colluded with any other party or parties for the purpose of preventing any other bid being made, then the contract so awarded shall be null and void, and the council shall advertise for a new contract for said work, or provide for such public work to be done by the department of public works.

(2) The provisions of Section 5 of Article III respecting the forms and conditions of the petition and the mode of verification and certification and filing shall be substantially followed, with such modification as the nature of the case requires.

Fifteen per cent petition.

(3) If the petition accompanying the proposed ordinance be signed by electors equal in number to fifteen per centum of the entire vote cast for all candidates for mayor at the last preceding general municipal election at which a mayor was elected, and contain a request that said ordinance be submitted forthwith to the vote of the people at a special election, then the council shall either:

(a) Pass said ordinance without alteration within twenty days after the attachment of the clerk's certificate of sufficiency to the accompanying petition (subject to a referendum vote, under the provisions of Article XIV of this charter); or,

(b) Within twenty-five days after the clerk shall have attached to the petition accompanying such ordinance his certificate of sufficiency, the council shall proceed to call a special election at which said ordinance without alteration shall be submitted to a vote of the people.

Five per cent petition.

(4) If the petition be signed by electors equal in number to at least five, but less than fifteen, per centum of the entire vote cast for all candidates for mayor at the last preceding general municipal election at which a mayor was elected, and said ordinance be not passed by the council as provided in the preceding subdivision, then such ordinance, without alteration, shall be submitted by the council to a vote of the people at the next general municipal election that shall occur at any time after twenty days from the date of the clerk's certificate of sufficiency attached to the petition accompanying such ordinance.

COMMUNICATION.

The following communication was presented:

By Senator Savage:

GOLDEN EAGLE HOTEL, SACRAMENTO, CAL., February 24, 1909.

HON. W. H. SAVAGE, *the Senate Chamber, Sacramento, Cal.*

DEAR SENATOR: I see that the Oakland Enquirer attributes to me the statement that an open buffet is being conducted in rooms adjoining the Senate and Assembly Chambers, and that because of this many of the legislators have been drunk.

In fairness to the members of the Legislature, the public, and myself, I wish to deny responsibility for all these statements. Yesterday morning a reporter called on me at the hotel and asked if I knew that such buffets were being maintained and run openly. I told him I had neither noticed, nor heard of them. He replied it was strange I had not, as they had been running for weeks. Then he suggested that the expense was too great to be borne by the Sergeant-at-Arms, and that the liquor lobby was probably providing the liquor. As I had no knowledge of the liquor being there, of course I could not know who took it there. But I did call his attention to that section of the Code which forbids the selling or giving away of liquor in the Capitol building, and said that if what he said was true it was an outrage and a disgrace.

I told him, and I wish now through you, Senator, to tell the Senate and the public, that I have not seen any general drinking in the Capitol building, and that in nearly two months here I have seen only one member of the Legislature under the influence of liquor, and that was down town at ten o'clock in the evening. I would like also now to repeat what I have said several times of late, that I firmly believe a majority of the members in both houses are honestly endeavoring to do the right as they see it.

Hoping that you and your colleagues will believe that I have too much sense and too much manhood to make any such wild statements as have been attributed to me, I am,

Respectfully yours,

D. M. GANDIER.

Communication read, and ordered printed in the Journal.

ARTICLE VIII.

THE RECALL, INITIATIVE AND REFERENDUM.

SECTION 1. The holder of any elective office may be removed by the electors qualified to vote for the successor of the officer sought to be removed. The procedure to effect the removal of an incumbent of an elective office shall be as follows: A petition signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least twenty-five per centum of the entire vote cast at the last preceding general municipal election, demanding an election of a successor of the person sought to be removed shall be filed with the clerk, and said petition shall contain a general statement of the grounds for which the removal is sought.

The signatures to the petition need not all be appended to one paper, but said petition may be presented in sections. The number of signatures to each section shall be at the pleasure of the person soliciting signatures to the same. Any qualified voter or taxpayer of the municipality shall be competent to solicit signatures. Each section shall have attached thereto the affidavit of the person soliciting signatures to the same, stating that all the signatures to the attached section were made in his presence, and that to the best of his knowledge and belief each signature to the section is the genuine signature of the person whose name purports to be thereunto subscribed, and no other affidavit thereto shall be required. Each signature, the genuineness of which is not called in question by the sworn affidavit of the alleged owner thereof, shall be presumed to be genuine. Unless and until it be proven otherwise by official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of qualified voters. Each signer of said petition shall add to his signature his place of residence, giving the street and number.

Within ten days from the date of filing such petition the clerk shall examine and ascertain from the records of registration whether or not said petition is signed by the requisite number of electors entitled to vote, and if necessary the council shall allow the clerk extra help for that purpose, and the clerk shall attach to said petition his certificate showing the result of said examination. If, by the said certificate, the petition is shown to be insufficient, it may be amended by additional signatures within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect.

If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay, and the council shall thereupon order and fix a date for holding the said election, not less than thirty days nor more than forty days from the date of the clerk's certificate to the council that a sufficient petition is filed.

All arrangements for said election shall be made and the same shall be conducted, returned, and the results thereof declared, in all respects as are all other municipal elections; *provided*, that if there be any conflict of provisions, this charter shall control.

Any person sought to be removed may be a candidate to succeed himself, and, unless he requests otherwise, in writing, the clerk shall place his name on the official ballot without nomination. In any such removal election, the candidate receiving the highest number of votes shall be declared elected. At such election, if some person other than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from his office upon qualification of his successor. The successor of any officer so removed shall hold office during the unexpired term of his predecessor. In case the party who receives the highest number of votes shall fail to qualify within ten days after receiving notification of election the office shall be deemed vacant. If the incumbent receives the highest number of votes he shall continue in office. In case more than one councilman is sought to be removed,

whose terms shall not expire at the same time, there shall appear on the ballot the date of the expiration of the respective terms and the offices of the councilmen to be elected for such different terms shall be deemed separate and distinct offices to be filled at such election.

Sec. 2. Any proposed ordinance may be submitted to the council by a petition signed by qualified and registered electors of the city equal in number to the percentage hereinafter required. The petition shall set forth a copy of the proposed ordinance, and the form of such petition, signatures, verifications and duties of the clerk in respect thereto, provided in section 1 of this article for petitions for recall shall apply to petitions of initiative.

If the petition accompanying the proposed ordinance be signed by qualified and registered electors equal in number to ten per cent of the entire vote cast at the last preceding general municipal election, the council must either pass such ordinance without alteration or submit the same to the electorate at the next regular municipal election that shall occur at any time after sixty days from the date of the clerk's certificate of sufficiency. But if such petition is signed by qualified and registered electors equal in number to twenty-five per cent of said votes and contains a request that such ordinance be submitted to a vote of the people at a special election, then the council must either pass the ordinance without alteration or submit the same to the electorate at a special election to be called within sixty days from the filing of such petition.

The ballots used when voting upon such proposed ordinance shall contain the words: "For the ordinance," and "Against the ordinance" (stating the nature of the proposed ordinance). If a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the city. The council may at such election submit any amendment thereto that it may deem proper, and the ballots used at such election shall contain the words: "For the amendment," or "Against the amendment" of ordinance (naming the ordinance), and also stating the nature of the proposed amendment. If a majority of the qualified electors voting on said proposed amendment shall vote in favor thereof, such ordinance shall thereupon be deemed amended in accordance therewith. The council may also propose and submit any ordinance to the electors, and such ordinance, upon receiving a majority of the votes of the electors, voting thereon, shall be deemed to have been adopted and shall be the valid and binding ordinance of the city. Any ordinance adopted by the electors under the provisions of this article can not be repealed or amended, except by a vote of the people obtained in the manner hereinbefore stated, unless such ordinance shall otherwise provide.

Any number of proposed ordinances may be voted upon at the same election in accordance with the provisions of this section: *provided*, that there shall not be held under this section of the charter more than one special election in any period of twelve months.

Sec. 3. Any ordinance or resolution other than such as may be required to be passed at a particular time or for the purpose of complying with a charter or statutory law and excepting such ordinance as may be declared by the council to be necessary as emergency measures for the immediate preservation of the public peace, health or safety, shall be subject to a referendum as herein provided: *provided further* that the petition for such referendum be filed within thirty days from the final passage of such ordinance or resolution.

Whenever a petition shall be presented to the council, asking that a particular ordinance named therein be submitted to a vote of the electors, and signed as required for an initiative petition in section two of this article, it shall be the duty of the council to submit the question of the approval or rejection of such ordinance or resolution to the electors at a regular or special election, and until such election is held and the ordinance approved by the electors, the provisions of such ordinance or resolution shall be suspended and inoperative.

All the proceedings relative to the submission of ordinances by initiative shall apply to ordinances submitted by a referendum petition, and the vote thereon shall be of the same force and effect as provided in section two.

ARTICLE IX.

MISCELLANEOUS.

SECTION 1. The ordaining clause of all ordinances adopted by the council shall be "The Council of the City of Richmond do ordain as follows," and the ordaining clause of all ordinances adopted in accordance with the provisions of Article VIII shall be, "The People of the City of Richmond do ordain as follows."

Sec. 2. The electors may, in form and manner prescribed in Section 2 of Article VIII, provide the manner in which any municipal power may be exercised and restrict the power of the council in respect thereto.

SEC. 6. The council shall publish annually a financial report of the city and furnish a copy thereof to each taxpayer whose address is known.

SEC. 7. Liens for taxes levied and to be levied shall attach to the property charged therewith on the first Monday in March at twelve o'clock M.

ARTICLE X.

It shall be in the power of the council, by ordinance, at any time to require the city treasurer to devote his entire time to the duties of his office.

That Section 46 of the charter be amended to read as follows:

CITY ASSESSOR.

Sec. 46. It shall be the duty of the city assessor, in addition to any duty that may be elsewhere prescribed for him by this charter or by ordinance, to make out, within such a time as may be prescribed by ordinance of said city, either now in force or which may hereafter be passed in pursuance hereof, a full, true and correct list of all the property, both real and personal, taxable by law, within the limits of said city, with the valuation thereof, and assess the same to the persons by whom it was owned or claimed, or in whose possession or control it was, at 12 o'clock meridian on the first Monday of March next preceding.

Each taxpayer in said city shall make and deliver to the city assessor annually, and at such time as shall be provided for by ordinance, a statement under oath setting forth specifically all the real and personal property owned by such taxpayer, or in his possession or under his control at 12 o'clock meridian on the first Monday of March next preceding.

It shall be the duty of the assessor to collect the taxes on all personal property, when the owner of said property is not seized of real estate in said city sufficient to afford ample security for the collection of said taxes.

In all such cases he shall be governed in fixing the amount of the tax by the rate of the tax levy for the preceding year.

Immediately after fixing the assessment on such property he shall serve on its owner or owners a notice in writing, which shall specify the assessed valuation of the property, the rate per cent and the amount of tax payable, and contain a demand for the payment of said tax within three days after service of said notice. Said notice shall be served personally, or by leaving a copy of the same at the last known place of residence of the person whose property is so assessed.

Upon the expiration of said three days after such service, if the tax demanded still remains unpaid or payment thereof be not secured to the satisfaction of the city attorney and city assessor, the assessor shall forthwith proceed to collect the same by seizure and sale of any personal property owned by the delinquent.

The said sale shall be made by him in the manner provided in Sections 3791, 3792, 3793, 3794, 3795 and 3796 of the Political Code of the State of California, *provided*, that the newspaper referred to in Section 3792 shall be published in the city, and shall be designated by the council.

As soon as the rate is fixed for the year in which such collection is made, if it be found that a sum in excess of said rate has been collected, the excess must be repaid in the same manner as other demands against the city are paid, to the person from

whom the collection was made, or to his assigns. And if a sum less than the rate fixed has been collected, the deficiency must be collected as other taxes on personal property are collected.

Should the board of equalization reduce the valuation for the same year of the property so assessed, the sum collected in excess of said reduced valuation must be repaid in like manner, to the person from whom the collection was made, or to his assigns. And if the valuation of said property should be increased by said board, then the deficiency must be collected as other taxes on personal property are collected.

The assessor shall carefully note upon his assessment list, and also in a book to be kept by him for the purpose, all collections made by him under this section, and shall turn over to the city treasurer all money received immediately upon its receipt.

In case the said assessor shall fail to demand, and through his fault to collect, any and all taxes which by this section he is directed to collect, he shall be and become personally liable to the city for the amount of said delinquent taxes, with interest from the date of their assessment; and the council is authorized and directed to cause proper action or actions at law to be brought against said assessor and the sureties on his official bond to recover the same.

The mode of making out assessment lists, of ascertaining the value of property and of equalizing the same shall be such as is now, or may hereafter be, prescribed by the ordinances of the city.

When such list has been made out and the same returned to the council, as prescribed by such ordinances, the council shall, at the time and in the manner in such ordinance provided, sit and act as a board of equalization, and shall have, as regards the equalization of said list, powers similar to those conferred by law upon the board of supervisors of Los Angeles county, as a board of equalization of state and county taxes.

The meetings of said board of equalization shall be public, and notice of such meetings shall be given by publication at such time and in such manner as shall be provided by ordinance. The said board shall have the power, in its discretion, to increase or diminish the amount of any or all of the assessments on said lists, both as to real and personal property; *provided*, that before any such assessments shall be increased, due notice shall be given to the owner or owners of the property the assessed value of which is sought to be increased, and such owner or owners shall have the opportunity to be heard before the board, under oath, such notice to be regulated in all respects by ordinance.

After such list has been equalized, it shall be returned to the council, which shall forthwith fix the levy or rate per cent of taxes levied for all municipal purposes for that fiscal year.

Every tax so levied shall have the force and effect of a judgment against the person and property taxed, and shall be and constitute a lien upon the real property situated in said city so assessed or owned by the party against whom such assessment is made.

Every such assessment and the lien thereof shall have the force and effect of an execution duly levied upon all property owned by the party assessed, or by the unknown owner of such property when assessed to an unknown owner. The judgment is not satisfied nor discharged until the tax assessed against the property and the owners is paid, or the property sold for the payment thereof.

The said corporation shall have such other rights, claims and liens for the amount of such municipal taxes as may now or hereafter be given to or exercised by the people of the State of California for and on account of the assessment of state and county taxes levied in Los Angeles County.

The mode and manner of collecting such municipal taxes, and enforcing such tax lien, and the proceedings thereafter, shall substantially be the same as the mode and manner at the time prescribed by law for the collection of state and county taxes in said county; *provided, however*, that the council may, by ordinance, have the power to regulate the time or times of the collection of said taxes within each fiscal year, and prescribe by what officers the respective duties appertaining to such collection and enforcement shall be performed. All such proceedings, sales, certificates and conveyances had, made and executed by them in pursuance thereof, shall be of like force, effect and validity as is or may hereafter be given by law to like proceedings and acts in the matter of the collections of state and county taxes in said county.

That Section 205 of the charter be amended to read as follows:

Sec. 205. The registers used at any election held in pursuance of this charter shall be registers used at the last preceding general state election in the precincts in which such municipal election is held, together with supplemental registers showing all additional registrations, transfers, and changes, since the closing of registration for such general state election. It shall be the duty of the county clerk of the county of Los Angeles to furnish such registers, together with such supplemental registers, showing all additional registrations, transfers and changes since the closing of registration for the last preceding general state election, with proper indices thereto, to the city clerk of said city at least five days before the holding of such municipal election.

It shall, by ordinance, forbid the erection or display on any building or property of the city, of any banner, device or flag of any state or nation except that of the United States, the State of California, or the city of Los Angeles.

The council may by ordinance authorize the expenditure of money, not to exceed the sum of five thousand dollars, in any one fiscal year, for the proper celebration of the anniversary of the declaration of national independence, and such other public celebrations, events, or demonstrations as the council may deem proper.

SENATE CONSTITUTIONAL AMENDMENT NO. 6.

A resolution to propose to the people of the State of California an amendment to the Constitution of said State, by amending Section 1 of Article IV thereof, relating to legislative powers, and reserving to the people of the State of California the power to propose legislation, laws, and amendments to the California the power to propose legislation, laws, and amendments to the Constitution, and to enact the same at the polls, independent of the Legislature.

The Legislature of the State of California at its regular session, commencing on the 4th day of January, 1909, two thirds of all the members voting in favor thereof, hereby proposes that section one of article four of the Constitution of the State of California be amended so as to read as follows:

ARTICLE IV.

Section 1. (a) The legislative power of this State shall be vested in a Senate and Assembly, which shall be designated the Legislature of the State of California, but the people reserve to themselves the power to propose by petition laws, statutes, and amendments to the Constitution and to adopt or to reject the same at the polls, independent of the Legislature. The Legislature may enact laws and statutes and propose amendments as elsewhere provided in this Constitution.

(b) Upon the presentation to the Secretary of State of a petition signed by qualified electors of the State, as many in number as eight per cent of all the votes cast for Governor at the then last election for Governor, proposing a law, statute or an amendment to the Constitution, set forth in full in said petition, the Secretary of State must submit the said proposed law, statute or amendment to the electors at

the next succeeding general election occurring subsequent to ninety days after the presentation of said petition. In all matters pertaining to the submission, and the adoption or the rejection of the same, the Secretary of State and all other officers shall be guided by the general laws, particularly those applicable to constitutional amendments, until legislation shall be especially provided therefor. If the number of electors voting in favor of any proposed measure exceed the number voting against it, the proposed measure thereby becomes adopted and in full force and effect.

(c) Any such petition may be presented in sections. Each section must contain a full and correct copy of the title and text of the proposed measure. Each signer shall add to his signature his place of residence, giving the street and number, if such exist, or such description of the place of his residence as will enable its location to be ascertained. The number of signatures attached to each section shall be at the pleasure of the person soliciting signatures to the same. Any qualified voter or taxpayer of the State shall be competent to solicit said signatures. Each section shall have attached thereto the affidavit of the person soliciting signatures to the same, stating that all the signatures to the attached section were made in his presence, and that to the best of his knowledge and belief, each signature to the section is the genuine signature of the person whose name purports to be thereunto subscribed, and no other affidavit thereto shall be required. Each signature, the genuineness of which is not called in question by the sworn affidavit of the purported signer thereof, shall be presumed to be genuine. Unless and until it be proven otherwise by official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of qualified electors.

(d) Several petitions may be presented proposing measures to be voted upon at the same election. If measures be simultaneously adopted which contain conflicting provisions, the provision contained in the measure receiving the highest affirmative vote shall prevail.

(e) A substantial compliance with the provisions of this section shall be sufficient for the proposal and adoption of any measure. This section is self-executing, but legislation may be enacted especially to facilitate its operation, but in no way limiting or restricting either the provisions of this section or the power herein reserved.

(f) If petitions for the initiation of statutory law be filed with the Secretary of State not less than thirty days before any regular or special session of the Legislature, the Secretary of State shall transmit the same to the Legislature as soon as it convenes. Such initiative measures shall take precedence over all other measures in the Legislature excepting appropriation bills. The Legislature may enact any initiative measure, without change or amendment, but in all cases proposed amendments to the Constitution must be submitted to the electors for approval or rejection. If any such initiative measure shall be rejected by the Legislature, or no action be taken upon it by the Legislature within forty days from the date of its transmission, the Secretary of State shall submit it to the electors for approval or rejection at the next ensuing general election. The Legislature may reject any measure proposed by initiative petition, and propose a different one to accomplish the same purpose, but in such event both measures shall be submitted to the electors for their rejection or approval by the Secretary of State at the next ensuing general election. The veto power of the Governor shall not extend to measures adopted by direct vote of the people. A statute adopted by direct vote of the people can be repealed or amended only by direct vote of the people.

(g) If for any reason any measure proposed by petition as herein provided be not submitted at the next succeeding general election occurring ninety days after the presentation of said petition, such failure shall not prevent its submission at a succeeding general election, and no constitutional amendment or amendments or other measure proposed by the Legislature shall be submitted, except that at the same election there shall be submitted those measures proposed by petition of the electors, if any be so proposed as herein provided.

(h) The enacting clause of every law shall be as follows: "Be it enacted by the people of the State of California."

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 1, 1909.

To the Senate of the State of California:

I have the honor to return herewith Senate Bill No. 94, entitled "An Act to amend Section 1576 of the Political Code, relating to the formation of school districts, providing for the addition of territory thereto and the taxation thereof," without my approval for the following reasons:

Section 1576 provides that every city or incorporated town, unless subdivided by the legislative authority thereof, shall constitute a separate school district, which shall be governed by the board of education, or board of school trustees, of such city or incorporated town.

The Act is sought to be amended by striking out the words "which shall be governed by the board of education or board of school trustees of such city or incorporated town." I can not understand what purpose is sought by striking out that portion of the section which names the governing body of the school district. No other authority is named as such governing body, nor is there any intention apparently to substitute any other form of administration for such school districts. It does not seem wise to me to make any change in this particular, especially when no change for the better is suggested.

A second amendment seeks to change the manner of collecting taxes for that portion of the school district lying outside the boundaries of such cities or incorporated towns. The section provides that such outside territory shall be deemed to be a part of said city or incorporated town for all purposes connected with the school department thereof, and for the annual levying and collecting of the property tax for the school funds of said city or incorporated town. It should always be borne in mind that the school funds of said city or incorporated town are separate and distinct from the general school funds raised by the board of supervisors or by the State government in the support of the common schools of the State. They are collected by municipal officers and placed in the city or town treasury, and are collected at the same time other city taxes are collected. It is sought by the amendment to have them collected by the county authorities, the money to be paid into the county treasury to the credit of the school district of which said outside territory is a part. I do not apprehend that there will be any serious difficulty in the board of education obtaining control of these school funds, but the money would be absolutely out of the control of the city council, and the requisitions for payments upon such funds would necessarily be made through the county authorities and not through the municipal officers.

The particular objection I have is based upon the fact that the levying and collection of municipal taxes does not conform to the levy and collecting of county taxes. Each municipality collects taxes at the time and in the manner required by its own particular charter. Some collect as early as August in each year, and the entire amount of the municipal tax is collected in one installment. The county taxes are collected in November and April of the ensuing year, in two installments. Much confusion would necessarily result in adopting a form of taxation which would require all those residing within a municipality to pay their special school taxes in one installment at a certain time and permit those residing without the limits of the municipality to pay their special school taxes in two installments, the first in November and the second in April of the next year.

To avoid this confusion and the consequent crippling of the school funds of a city, I believe it to be better to permit the taxes to be collected by one payment to the city tax collector, at the time prescribed by the city charter, even though a portion of the taxpayers may reside outside the limits of the municipality.

Governor of California.

To the Senate of the State of California:

I have the honor to return you herewith Senate Bill No. 65, entitled "An Act to add a new section to the Code of Civil Procedure, to be known as Section 280c, relating to the admission to practice, without examination, of persons who shall have satisfactorily completed the three years' law course of the department of law of the Leland Stanford Junior University, or the department of jurisprudence of the University of California," without my approval, for the following reasons:

Under the Act establishing Hastings College of Law, it is provided that the Chief Justice of the Supreme Court of the State of California may, at any time, require the graduates of that institution to pass an examination before admission to the bar.

There is no reason why the same rule should not apply to the graduates of any other law college in this State, and to adopt this particular Act exempting graduates of the law department of Stanford University and the department of jurisprudence of the University of California would give these graduates an undue advantage over

those from Hastings College of Law. It would act detrimentally to the welfare of the Hastings College, which is recognized as being the best institution of its kind in this State, and would undoubtedly result in a considerable loss of attendance at that institution.

Governor of California.

The secretary reported having received freight and passenger tariffs from the following railroad companies (superseding and canceling other tariffs): Nevada-California-Oregon Railway Company; Lake Tahoe Railway & Transportation Co.; Diamond & Caldor Railway Company. The secretary reported having sent blank forms to the various railroad companies for the annual report for the year ending June 30, 1907. Bills approved. Board adjourned.

July 9, 1907. Board met. Present: Irwin and Wilson. The secretary reported having received freight and passenger tariffs from the Ocean Shore Railway Company.

Letter was received from the South Eureka Mining Company calling the attention of the board to the excessive rates charged on freight from Ione to Martell. The secretary was instructed to write the following letters:

SAN FRANCISCO, July 15, 1907.

H. MALLOCK, *President South Eureka Mining Company.*

925 Franklin street, San Francisco, Cal.

DEAR SIR: We find upon investigation that, as yet, the railroad company operating between Ione and Martell has filed no tariffs for freight or passengers, and we have this day sent for the same. It will then be taken up by the board at next meeting.

Also the following letter:

SAN FRANCISCO, July 15, 1907.

D. MCCALL, *Manager Ione and Eastern Railway Co., Ione, Cal.*

DEAR SIR: This board has never received the freight and passenger tariffs of your road. Will you kindly file the same. A complaint has been made by the South Eureka Mining Company, stating that the rate on lumber, oil, and supplies is excessive, it being slightly less than the rate from San Francisco to Ione. I might suggest that in filing your schedule you accompany it with a statement showing cost of operating and such other facts as you may deem essential in justifying the charges made.

A letter was received from H. W. Bishop, Oakland, and the secretary was instructed to write the following letter:

SAN FRANCISCO, July 13, 1907.

C. W. LEHMER, *Superintendent and Traffic Manager.*

Yosemite Valley Railway Co., Merced, Cal.

DEAR SIR: For the simple purpose of ascertaining what your policy will be relative to your recognition of return trip tickets, and with no idea of assuming authority and jurisdiction that does not apply to this board, we are referring to a letter written by you on June 29th, directed to Mr. H. W. Bishop, of Oakland, California, wherein you returned to him the tickets numbered 319, 320, and 324, stating that you are not responsible for their non-use, and did not see your way clear to refund the amount paid. In this letter you also state that you are running stages and trains daily and were in a position to handle the party at any time, and base your declination upon that fact. It occurs to the board for that reason—that is, your position to handle the party either way—that there would be some justice in their claim. While, on the other hand, had you been compelled to make any arrangement other than the ordinary, they would not stand in the light they do. We beg to state to you also that it is a recognized practice of all transportation companies to take the one way full rate on returns, and refund the balance wherein they are not used, but, as before stated, this board has no desire to assume or demand anything, but suggest an inquiry as to whether this position taken in this particular case will be the position taken in all cases where you are dealing with the traveling public. Respectfully asking a reply, we remain, very truly yours,

Bills approved. Board adjourned.

August 13, 1907. Present: Full board. The secretary reported having received the following tariffs: (Enumerating certain changes in tariffs by the Sierra Valleys Railway Company, the Ocean Shore Railway Company, and the Southern Pacific Company.)

The secretary reported having received the following communication from D. McCall, general and traffic manager of the Ione and Eastern Railroad Company:

IONE AND EASTERN RAILROAD COMPANY.

GENERAL OFFICE, SAN FRANCISCO.

IONE, CAL., July 27, 1907.

GENTLEMEN: I have received your letters and promptly forwarded as soon as received to J. A. McPherson, 811 Turk street, San Francisco, as he is secretary of the Ione and Eastern Railroad Company. Why he has not answered you is more than I can tell, as he has all the dates, schedules, and facts there, and is in position to give you what information you want. I might say, however, that our rates are not excessive, as the road was a very expensive one to construct, and also very expensive to operate, owing to the short haul, the expense per mile being considerable more than it would be if the road were longer. The business over the road is light and to lower our rates would make the thing a losing proposition. Even as it is I can not possibly make the thing pay. Mr. McPherson will show our books and the exact condition of affairs. Should he fail to attend to this, as I have requested, kindly let me know at once, and as I will be in the city in a few days I will call on you and go over the whole matter with you.

COMMUNICATION FROM J. A. McPHERSON.

GENTLEMEN: In reply to yours to D. McCall and also to myself, under date of July 29th, I am preparing the information and statement for your board, and hope to have the same ready for presentation shortly. Owing to lack of help I am behind in my office work; hence my inability to furnish data requested immediately.

Yours truly,

J. A. McPHERSON.

The secretary reported having received the following letter from O. W. Lehmer, of the Yosemite Valley Railroad Company, and copy of letters sent to H. W. Bishop, Oakland, Cal.:

DEAR SIR: I have your letter of July 13th in reference to refund on unused portion of tickets 319, 320, and 324. We have built eighty miles of road through a sparsely settled country, and where the cost of construction was excessive, and of course we feel we are entitled to all of the business tributary to our line. When we opened for operation we had opposition from various concerns, some of which you may be familiar with, and we found there was an effort on the part of certain interests to divert business from us, and we took the position of refusing certain refunds in order to discourage this opposition. We intend eventually to settle such claims on the basis of refunding on unused portions of tickets the difference between the one way fare and the price of a round trip, which in this case would be \$8.50. Wish to thank you for your kindly suggestion and interest in the matter, and assure you that we will be pleased to hear from you at any time you have anything that you think might be to our interest.

Yours truly,

O. W. LEHMER.

The following letter was sent to Mr. H. W. Bishop, Oakland:

MR. H. W. BISHOP, *Office Ye Liberty Playhouse, Oakland, Cal.*

DEAR SIR: You will see from the enclosed letter that the Yosemite Valley Railroad Company intends to settle all such claims as in question. We now advise you to take the matter up with them personally. We are enclosing copy of letter and unused tickets.

Very truly yours.

Bills approved. Board adjourned.

September 10, 1907. Present: Full board. The secretary reported having received tariffs from the following railroad companies: Ocean Shore Railway Company and Tonopah and Tidewater Railroad Company (canceling other rates).

The secretary reported having received annual reports from the following railroad companies for the year ending June 30, 1907: Yosemite Valley Railroad Company, San Pedro, Los Angeles and Salt Lake Railroad Company, and Yreka Railroad Company.

The following communication was received from Sinsheimer Bros., San Luis Obispo, Cal., and the secretary instructed to send the following answer:

To the Honorable Board of Railroad Commissioners of the State of California.

GENTLEMEN: 1. May a transportation company raise its freight rate on any commodity without the permission of your body? 2. Need a transportation company give shippers notice of any raise in freight rates previous to such time such raise goes in effect? If so, how much?

Respectfully,

SINSHEIMER BROS.

ANSWER.

SINSHEIMER BROS., *San Luis Obispo, Cal.*

GENTLEMEN: Your esteemed favor of August 31st was taken up by the board at their last meeting, and I am directed to inform you that the transportation company should not raise a rate once reduced without having it first approved by this at their last meeting, and I am directed to inform you that the transportation companies to compel them to publish previous notice of a raise in tariff.

Yours respectfully,

Bills approved. Meeting adjourned.

October 8, 1907. Present: Full board. The secretary reported having received the annual reports for the year ending June 30, 1907, of the following railroad companies: (naming several companies.)

The following letter was received by Commissioner Irwin:

IRON, A. C. IRWIN, *Sacramento, Cal.*

DEAR SIR: Enclosed find freight bill No. 1298. This had been paid at the rate of 18 cents per 100 pounds. Since paid they have raised the rate—or a few days before—from 18 cents to 19 cents. The haul is about forty miles. We have paid the railroad people an 18-cent rate on mineral water for about six years. Now the rate is raised from 18 cents to 19 cents per 100 pounds. As you are the commissioner from this district, I have sent the freight bill to you personally. I also intend to write to the secretary of the Railroad Commissioners, asking him to personally call on you for freight bill No. 1298, so as to present it before the Railroad Commissioners. If the railroad people insist on this rate, kindly let me know when the matter will come up, so I can be there with my attorney.

Respectfully yours,

E. J. DYAS.

The secretary was instructed to write the following:

SAN FRANCISCO, October 8, 1907.

E. J. DYAS, *Woodland, Cal.*

DEAR SIR: We have investigated the matter of rates on mineral water between Williams and your city. The agent at Woodland has been making a mistake in the amount of rate charged on shipments since the first day of January, 1906. The original tariff was a little ambiguous, and it would appear that the rate of 18 cents was intended to apply on less than carload shipments, when in fact it was intended only to apply on carload lots, and correction was made on January 1, 1906, to this tariff endeavoring to make it plain, showing that the rate on less than carloads was 19 cents per 100 pounds, and not 18 cents. If there is anything else that is desired in this regard, please advise, and we will take pleasure in taking it up. By order

BOARD OF RAILROAD COMMISSIONERS.

Bills approved. Board adjourned.

November 12, 1907. Present: Full board. The following resolution was adopted: "Resolved, That the secretary be instructed to obtain from the Interstate Commerce Commission all data pertaining to alleged rebates and discriminations within the State of California."

The following tariff was received and ordered placed on file: Ocean Shore Railroad Company.

The following letter was read from the Butte County Railroad Company:

Will you kindly advise if it is the intention of your honorable body to change the annual report of railways to conform to the new classification of accounts as prescribed by the Interstate Commerce Commission, effective January 1, 1907. This road does not come under the jurisdiction of the Interstate Commerce Commission, and hence if no change is to be made in the said report it will not be necessary for us to change our present system of accounts and records.

Yours truly,

BUTTE COUNTY RAILROAD.

ANSWER.

Butte County Railroad Company.

GENTLEMEN: We are in receipt of yours of October 23d, and in reply will state that there will be no change in the form of our reports of railroads operating within this State.

BOARD OF RAILROAD COMMISSIONERS.

The following letter was read from Sinsheimer Bros., and the secretary instructed to make the following reply:

SAN LUIS OBISPO, CAL., September 15, 1907.

To the Honorable Board of Railroad Commissioners, *San Francisco, Cal.*

GENTLEMEN: Your letter of the 13th to hand. Previous to some time between January 1st and April 1st of this year the freight rate on grain in carload lots between San Luis Obispo and Los Angeles over the Southern Pacific Company was

\$2.80 per ton, and via Pacific Coast Company \$2.60 per ton. On or about the above date the rate was raised by both companies to \$3.00 per ton. Will you kindly advise us if these transportation companies received permission from your body to so raise the rates.

Very respectfully,

SINSHEIMER BROS.

ANSWER.

SINSHEIMER BROS., *San Luis Obispo, Cal.*

GENTLEMEN: In reply to yours of September 15th, would state that the rate in grain, all rail, from San Luis Obispo to Los Angeles up to July 18th was \$2.80 by the Pacific Coast S. S. Co. and rail to Los Angeles, \$2.65. On July 18th the Pacific Coast S. S. Co. raised their rate to \$2.85. The Southern Pacific hearing of this, advanced its rate to \$3.00, believing that rail service was worth more than steamer, especially when there were two transfers when shipping via steamer route to Los Angeles. Those rates remained in effect until July 1, 1907, when the Pacific Coast S. S. Co. for some reason advanced its rate from San Luis Obispo to Los Angeles to \$3.00 per ton, believing, I presume, that they should receive that revenue for the service performed. The all-rail rates were not advanced, for the reason that the rates from San Joaquin Valley were \$3.00, and the rates north of San Luis Obispo were also \$3.00, where no water competition existed. After careful investigation I find that the lower rate mentioned was not a rate set by any of the previous boards of railroad commissioners. Not having been a rate established by the board, a ruling has been made that the railroads have the privilege of raising the rates without first consulting the board. If the rate in your judgment is too high, the board will be pleased to take the matter up under the former complaint. Please accept the apology of the writer for the delay in transmitting this reply, it being due to his absence from the State.

Very truly yours,

A complaint was received from the Culver Lumber Company of Los Angeles, complaining about an overcharge on shipment of lumber shipped from San Pedro wharf to Pasadena over the Southern Pacific to Los Angeles, and over the Santa Fe from Los Angeles to Pasadena.

The answer of the commissioners to Culver Lumber Company contained among other things the following language: "There is no through tariff in effect over the route formed by the Southern Pacific from San Pedro to Los Angeles, and the Santa Fe from Los Angeles to Pasadena, consequently the Santa Fe agent at Pasadena had no option in the matter and was compelled to apply the Santa Fe local rate from Los Angeles to Pasadena, plus the local rate of the Southern Pacific from San Pedro to Los Angeles, which is \$1.20 per ton, making the through rate formed by the combination of locals \$2.20."

A complaint was also received from the Culver Lumber Company of Los Angeles with regard to an overcharge of 8 cents per hundred pounds on lumber shipped from East San Pedro to Earl Station and forwarded to Santa Monica.

The answer of the commissioners stated, among other things, the following: "There is no through rate in effect from East San Pedro to Santa Monica over the route this shipment moved. Under these circumstances each of the carriers involved were obliged to assess their local rate."

The following letter was received:

LOS ANGELES, CAL., November 7, 1907.

To the State Railroad Commissioners.

GENTLEMEN: Will you kindly inform me why it is that the Southern Pacific charges \$1.25 per 100 pounds on first-class freight from Los Angeles to Calexico, California, and only sixty cents per 100 pounds from San Francisco to Los Angeles? It is double the distance from here to San Francisco than from here to Calexico.

Yours respectfully,

VICTOR ROTTMAN.

ANSWER.

DEAR SIR: Replying to your favor of November 7th, the rate of 60 cents per 100 pounds between San Francisco and Los Angeles is allowed on account of water competition.

Bills approved. Board adjourned.

December 10, 1907. Present: Irwin, Summerland, and Loveland.

The following railroads have filed their freight and passenger tariffs in response to a letter from the secretary requesting them to do so: (naming railroads.)

A complaint was received from J. W. Fanshier of Imperial with regard to not being allowed to use second-class tickets on train number 22 eastbound. The answer of the Commissioners states, among other things: "It is also within the railroad company's power to designate the train upon which they will accept second-class passenger rates."

Bills approved. Board adjourned.

January 14, 1908. Present: Full board.

The following letter was received:

LOS ANGELES, CALIFORNIA.

Board of Railroad Commissioners.

SIRS: I wish to inquire whether your board regards as railways under your jurisdiction these roads like the Pacific Electric and Interurban Railways in this city and adjacent territory that carry passengers not only upon the streets of this city and of suburban cities and towns, but also run partly on private rights of way and also transport goods and merchandise the same as regular steam roads do, or do you regard them merely as street railways? How and why is the line of discrimination drawn? If the electric roads are under your jurisdiction, have you, first, schedules of rates for them as the law requires you to do, and are they required to be posted at their offices and stations. The people of this city are getting in that frame of mind where they will soon be inclined to go after the roads or go after the commission. By giving me such information as you can and by forwarding me your most recent reports and decisions you will greatly oblige,

Yours respectfully,

EDGAR LEAVITT.

(No answer was sent to this letter.)

The following letter was also received:

SILVER LAKE, CAL., December 14, 1907.

DEAR SIRS: I live in the desert, and I am in business here. The water here is not fit to drink, containing too great amount of soda, borax, and alkalies, and we must ship in mineral waters for domestic purposes. I am asking if you can't see to this as a benefit to the pioneers that are building up the desert that we may get our empty water bottles shipped back free.

J. Y. ANDERSON.

The secretary was instructed to reply to the effect that it was not within the province of the board to comply with his request.

A communication was received from Reed & Dozier, attorneys at Redding, Cal., stating that a new railroad, The Sacramento Valley & Eastern, had just been completed, and that they desired to establish freight and passenger rates. The letter stated among other things: "Considering the constitutional provision as to the power and authority of the railroad commissioners and the statutory enactments passed thereon, we desire to be informed as to the schedules established by the railroad commission, and the rules, and regulations promulgated by it. Has the railroad commission established any general schedule of rates for fares and freight for railroads operating within the State of California? We desire to be informed whether or not the directors of the Sacramento Valley and Eastern Railway, under present laws and regulations have the power and authority to frame and put into operation a schedule of rates of fares and freightage. In other words, does this company take the initiative and operate its road subject to the intervention of the railroad commissioners or do the railroad commissioners frame a schedule for the use of each particular road?"

ANSWER.

GENTLEMEN: In answer to your esteemed favor we wish to inform you that the first step necessary would be for you to file the regular tariff, basing the rates upon the cost of construction, running expenses, etc., netting an income commensurate with the investment, etc.

The following communication was received:

As a matter of information and guidance in handling our business in your state will you please advise as to the rules regarding demurrage charges and the application thereof in connection with any rules or opinions by your body in connection therewith, and particularly if your views are at all at variance with the published rules in your state. Your reply at an early date will be greatly appreciated. Thanking you in advance we are

Respectfully yours,

SWIFT & CO., Chicago, Ill.

The secretary was instructed to reply that the authority of the board does not include demurrage charges.

The following resolution was offered by Commissioner Loveland, and adopted by the board:

WHEREAS, Under the Constitution and laws of California it is the duty of the Board of Railway Commissioners to make all tariffs for transportation companies doing business as common carriers in said state, and to publish the same from time to time; and

WHEREAS, An actual compliance with the provisions of said Constitution and laws is prevented by the fact that there has been no appropriation to cover the expense of such proceedings by said commission; and

WHEREAS, A substantial compliance with the provisions of said Constitution and law may be had by the commission adopting rates of the various transportation companies now in effect to the extent that they may be considered the commissioners' rates, subject, however, to review and correction upon complaint and hearing; and

WHEREAS, It does not appear from the records of this board that the rates in effect in this State have ever been adopted by this board; and,

WHEREAS, Such action on the part of this board seems to be necessary to complete the placing of the transportation companies properly within its control and jurisdiction; now, therefore, be it

Resolved, That the rates published by the various transportation companies in this State and now in effect in their various lines be, and they are hereby, adopted as the rates of this commission, subject, however, to review and correction upon complaint and investigation or hearing of said complaint by this commission.

Bills approved. Board adjourned.

January 14—Special meeting. A special meeting was called by the president and the following resolution adopted:

WHEREAS, Subsequent to the regular meeting held January 14, 1908, it was discovered that the statement that no rates had been established by the board; and

WHEREAS, Upon the discovery that the record and minutes of former boards disclose the fact that rates were established; now, therefore, be it

Resolved, That the resolution above mentioned be and the same is hereby rescinded.

Board adjourned.

On February 11, 1908, partial passenger and freight rates were established for the Southern Pacific Railroad Company and other companies, and at subsequent meetings of the commission up to the present month additional schedules of rates have been regularly adopted.

The minutes of the Board of Railroad Commissioners from January 5, 1903, when a new board was organized, of which present Commissioner Irwin was a member, up to January, 1907, show that no rates were established or attempted to be established by the commission. During that time the minutes do not show any order or resolution establishing any uniform system of accounts.

RESOLUTION—(OUT OF ORDER).

The following resolution was offered:

By Senator Anthony:

RESOLUTION

Relative to appointment of committee of correspondence to consider immigration of Japanese coolies, importation of trust-made goods, and nullification of State legislation in California.

WHEREAS, The State of California is a loyal and patriotic State of the Union; and WHEREAS, Two industrial invasions menace the welfare of the State of California, being: (1) immigration of coolie laborers from the empire of Japan to displace California labor, and (2) importation of trust-manufactured goods from New England and New York to destroy California capital; and

WHEREAS, The present combination of Japan with New England and New York, for the purpose of denouncing California patriotism, is partly explained by the lucrative interchange of trust-made wares of leather, metal, paper, and rubber of New England and New York, on the one hand, with the coolie-made products of silk, matting, tea, and rice of Japan; and

WHEREAS, The executive branch of the Federal Government is growing independent of the state governments, self-sustaining, and unrepresentative, through suzerainty over discordant military possessions in the four quarters of the globe—in

the Arctic and tropics, in the Caribbean and China seas—and is assuming to nullify proposed anti-Japanese legislation in the State of California by invoking the system so victorious in the pacification of the Philippines and the more recent intervention in Cuba; and

WHEREAS, The present commercialism of New England is consistent with its course in the war of 1812, when, influenced by trade with England, the New England states held aloof from the United States in that war against England, prompting President Madison, in his annual message to Congress, December 9, 1813, to condemn New England's lack of patriotism, as follows: "Supplies of the most essential kind find their way, not only to British ports and British armies at a distance, but the armies in our neighborhood, with which our own are contending, derive from our ports and outlets a subsistence obtainable with difficulty, if at all, from other sources. Even the fleets and troops infested our coasts and waters are by like supplies accommodated and encouraged in their predatory and incursive warfare." In that war, also, New England convoked the seditious Hartford convention; and

WHEREAS, Japanese colonists direct a boycott against Californians, shown in patronizing and employing only their own race; even articles for Japanese consumption in California being extensively imported from Japan in subsidized steamships of the imperial naval reserve; and in twenty years Japanese in the United States have shipped \$200,000,000 in gold from the United States to Japan, accentuating the late financial stringency; and

WHEREAS, Anti-trust laws distinguish the following states: Arkansas, Kansas, Louisiana, Missouri, Mississippi, Nebraska, and Texas; and the states of Idaho, Montana, Nevada, Oregon, and Washington evince a unison of sentiment against Japanese immigration; therefore, be it

Resolved by the Senate. That the President of the Senate appoint a committee of five Senators, to be known as The Committee of Correspondence, which shall serve, without compensation and without expense to the State of California, in conjunction with like committees of correspondence of the states above mentioned, to consider, in a fair, just, and patriotic spirit, the three increasing problems:

- (1) Immigration into the United States of Japanese coolie laborers;
- (2) Importation into one state of trust-made goods of another state;
- (3) Nullification without due process of law of state legislation by the Federal Executive.

Resolution read.

SEC. 3. The Legislature by general and uniform law, may provide for the formation of new counties; *provided, however,* that no new county shall be established which will reduce any county to a population of less than eight thousand, nor shall a new county be formed containing a population of less than five thousand, nor shall any line thereof pass within five miles of the county seat of any county proposed to be divided; *and further provided,* that the Legislature may, without regard to anything herein contained, provide by general and uniform laws for the formation into a consolidated city and county government of any part of a county or counties comprising contiguous municipal corporations, with or without the lands adjacent to said corporations or any of them, and not embraced within the limits of a municipal corporation. No such consolidated city and county shall be formed unless the territory included therein shall have a population of not less than two hundred and twenty-five thousand and an assessed valuation of not less than one hundred and twenty-five million dollars. Nor shall such consolidation be had unless three fifths of the qualified electors of each municipal corporation affected, and of any land adjacent thereto, proposed to be included, voting separately at an election called for that purpose, shall approve such consolidation.

Every municipality so consolidated shall comprise at least one ward of such consolidated city and county, and it shall be competent for the Legislature to provide by such general and uniform law for local exercise by wards or combinations of wards of such police and other powers as the Legislature shall determine to be proper.

ON JUDICIARY.

SENATE CHAMBER, SACRAMENTO, March 2, 1909.

MR. PRESIDENT: Your Committee on Judiciary, to whom was referred Senate Bill No. 27—An Act to repeal an Act entitled "An Act to create the office of Commissioner of Transportation, and to define its powers and duties; to fix the maximum charges for transporting passengers and freights on certain railroads, and to prevent extortion and unjust discrimination thereon," approved April 1, 1878, and also to repeal an Act entitled "An Act to organize and define the powers of the Board of Railroad Commissioners," approved April 15, 1880, and to provide for the organization of the Board of Railroad Commissioners, define its powers and duties, and the powers and duties of railroad and transportation companies, their officers, agents, and employees, and to define offenses by shippers and railroad and transportation companies, their officers, agents, and employees, and other persons, and providing penalties for such offenses—have had the same under consideration, and respectfully report the same back, and recommend that it do pass.

WILLIS, Chairman.

MINORITY REPORT.

SENATE CHAMBER, SACRAMENTO, March 3, 1909.

MR. PRESIDENT: The undersigned members of the Judiciary Committee, to whom was referred Senate Bill No. 294—An Act providing for the organization of the Board of Railroad Commissioners, defining its powers and duties, and the powers and duties of transportation companies, their officers and employees, and defining

offenses by transportation companies, their officers, employees, and other persons, and providing penalties therefor.

Together with Senate Bill No. 27 (Stetson author) and Senate Bill No. 11 (Campbell author) submit herewith a minority report for the following reasons:

In the consideration of these measures before the Judiciary Committee, it developed that Senate Bill No. 27, known as the Stetson bill, provides that the Railroad Commission shall fix absolute, fixed and inflexible rates, while Senate Bill No. 11, known as the Campbell bill, and Senate Bill No. 294, known as the Wright bill, provide that the Railroad Commission shall fix maximum rates. On motion that the bill reported back to the Senate with the recommendation that it do pass should fix the maximum rate, the Judiciary Committee by a vote of ten to nine resolved in favor of the absolute rate. The question turned absolutely upon a constitutional question, those favoring a maximum rate maintaining that under Article 12, Sections 20, 21, and 22, the power to fix any other rate than a maximum rate would be unconstitutional. One of the members of the Judiciary Committee, who had given the matter careful study, and who voted against the motion that the maximum rate theory be adopted, stated to the committee that, in his opinion, when this question was presented to the Supreme Court it would hold that the Constitution provides only for the maximum rate. At least three other members of the Judiciary Committee, who voted against the maximum rate theory, expressed grave doubts as to the constitutionality of the absolute rate, but notwithstanding these fears and doubts they voted and recommended to the Senate the passage of Senate Bill No. 27, which provides for the absolute rates.

The undersigned, being a minority of the Judiciary Committee, are firm in the conviction that the Constitution authorizes the commission to fix no other than a maximum rate, and in view of the doubt expressed by those members who voted for the absolute rate, and believing that it is important that this Legislature should enact such railroad legislation as will insure to the people of the State of California reasonable, just, and equitable rates, and protect them against all discrimination as to persons, firms, corporations, or places, and believing that these results will be best subserved by the passage of Senate Bill No. 294, therefore respectfully recommend that the majority report of the Judiciary Committee in recommending the passage of Senate Bill No. 27 be amended by substituting in lieu of Senate Bill No. 27 Senate Bill No. 294, and that Senate Bill No. 294, as amended, be passed.
